(8) if the court believes that it is in the best interests of the child and of public safety that the driver's license of the child be canceled until the child's 18th birthday, the court may recommend to the commissioner of public safety the cancellation of the child's license for any period up to the child's 18th birthday, and the commissioner is hereby authorized to cancel such license without a hearing. At any time before the termination of the period of cancellation, the court may, for good cause, recommend to the commissioner of public safety that the child be authorized to apply for a new license, and the commissioner may so authorize;

(9) if the court believes that it is in the best interest of the child and of public safety that the child is enrolled in school, the court may require the child to remain enrolled in a public school until the child reaches the age of 18 or completes all requirements needed to graduate from high school. If so, the court shall notify the commissioner of public safety of its determination and order the commissioner to revoke the child's driver's license for the applicable time period specified in section 152.0271. If the child does not have a driver's license or if the child's driver's license is suspended or revoked at the time of the delinquency finding, the commissioner shall, upon the child's application for driver's license issuance or reinstatement, delay the issuance or reinstatement of the child's driver's license for the applicable time period specified in section 152.0271. Upon receipt of the court's order, the commissioner is authorized to take the licensing action without a hearing;

(11) if the child is petitioned and found by the court to have committed or attempted to commit an act in violation of section 609.342; 609.343; 609.344; 609.345; 609.3451; 609.746, subdivision 1; 609.79; or 617.23, or another offense arising out of a delinquency petition based on one or more of those sections, the court shall order an independent professional assessment of the child's need for sex offender treatment. An assessor providing an assessment for the court must be experienced in the evaluation and treatment of juvenile sex offenders. The report must compare the current delivery model with at least two alternative models. The alternative models must include a state-based model in which the state holds the plan risk as the insurer and may contract with a third-party administrator for claims processing and plan administration. The alternative models may include but are not limited to:

(1) expanding the use of integrated health partnerships under Minnesota Statutes, section 256B.0755;

(2) delivering care under fee-for-service through a primary care case management system; and

(3) continuing to contract with managed care and county-based purchasing plans for some or all enrollees under modified contracts.

(b) The report must include:

(1) a description of how each model would address:

(i) racial and other inequities in the delivery of health care and health care outcomes;

(ii) geographic inequities in the delivery of health care;

(iii) the provision of incentives for preventive care and other best practices;

(iv) reimbursing providers for high-quality, value-based care at levels sufficient to sustain or increase enrollee access to care; and

(v) transparency and simplicity for enrollees, health care providers, and policymakers;

(2) a comparison of the projected cost of each model; and

Sec. 12. **PROPOSAL FOR A PUBLIC OPTION.**

(a) The commissioner of human services shall consult with the Centers for Medicare and Medicaid Services, the Internal Revenue Service, and other relevant federal agencies to develop a proposal for a public option program. The proposal may consider multiple public option structures, at least one of which must be through expanded enrollment into MinnesotaCare. Each option must:

(1) allow individuals with incomes above the maximum income eligibility limit under Minnesota Statutes, section 256L.04, subdivision 1 or 7, the option of purchasing coverage through the public option;

(2) allow undocumented noncitizens the option of purchasing through the public option;

(3) establish a small employer public option that allows employers with 50 or fewer employees to offer the public option to the employer's employees and contribute to the employees' premiums;

(4) allow the state to:

(i) receive the maximum pass through of federal dollars that would otherwise be used to provide coverage for eligible public option enrollees if the enrollees were instead covered through qualified health plans with premium tax credits, emergency medical assistance, or other relevant programs; and

(ii) continue to receive basic health program payments for eligible MinnesotaCare enrollees; and

(5) be administered in coordination with the existing MinnesotaCare program to maximize efficiency and improve continuity of care, consistent with the requirements of Minnesota Statutes, sections 256L.06, 256L.10, and 256L.11.

(b) Each public option proposal must include:

(1) a premium scale for public option enrollees that at least meets the Affordable Care Act affordability standard for each income level;

(2) an analysis of the impact of the public option on MNsure enrollment and the consumer assistance program and, if necessary, a proposal to ensure that the public option has an adequate enrollment infrastructure and consumer assistance capacity;

(3) actuarial and financial analyses necessary to project program enrollment and costs; and

(4) an analysis of the cost of implementing the public option using current eligibility and enrollment technology systems and, at the option of the commissioner, an analysis of alternative eligibility and enrollment systems that may reduce initial and ongoing costs and improve functionality and accessibility.

(c) The commissioner shall incorporate into the design of the public option mechanisms to ensure the long-term financial sustainability of MinnesotaCare and mitigate any adverse financial impacts to MNsure. These mechanisms must minimize: (1) adverse selection; (2) state financial risk and expenditures; and (3) potential impacts on premiums in the individual and group insurance markets.

(d) The commissioner shall present the proposal to the chairs and ranking minority members of the legislative committees with jurisdiction over health care policy and finance by December 15, 2023. The proposal must include recommendations on any legislative changes necessary to implement the public option. Any implementation of the proposal that requires a state financial contribution must be contingent on legislative approval."
