~~The city of Bird Island~~ Renville county may exchange a parcel of land owned by it or acquired for it by a qualified intermediary, for a parcel of agricultural real estate that is owned by an individual exempt under Minnesota Statutes, section 500.221, based on ownership being lawfully acquired prior to June 1, 1981. Since there is no exception for

exchanged property under Minnesota Statutes, section 500.221, the exchange of the city's parcel would result in the loss of exemption for the exchanged property. Accordingly, this act provides that the agricultural land being exchanged for the parcel that is currently exempt shall also be exempt under Minnesota Statutes, section 500.221, as if it had been purchased by the owner prior to June 1, 1981. Such exchanged parcel shall have exactly the same rights under the statute as the parcel to be exchanged and the deeds used to effectuate the transaction may so state.

Huntley moved to amend the Ozment amendment to H. F. No. 3183, the first engrossment, as amended, as follows:

Page 1, after line 4, insert:

"Subdivision 1. [FINDINGS.] Antibiotic-resistant bacteria cost American individuals and society at least four to five billion dollars annually. The use and misuse of antibiotics in animals and humans has been shown to promote the spread of resistant bacteria. Bacteria that have become resistant are able to transfer their resistance genes to unrelated bacteria of other species, magnifying the resistance problem. The effectiveness of antibiotics used in treating both sick humans and sick animals is being compromised. Any delay in taking steps to reduce misuse of antibiotic use in the United States will only heighten the public health risk since continued use promotes further development of resistance."

A roll call was requested and properly seconded.

Subd. 18a. [LOCAL UNIT OF GOVERNMENT.] "Local unit of government" has the meaning given in section 18B.01, subdivision 14a.

Sec. 2. [18C.110] [PREEMPTION OF OTHER LAW.]

Except as otherwise specifically provided in this chapter, this chapter preempts a local ordinance that prohibits or regulates the registration, labeling, distribution, sale, handling, use, application, or disposal of turf fertilizer containing phosphorus. This section does not preempt local authority or responsibility for zoning, fire codes, or hazardous waste disposal. This section does not prohibit a local ordinance that restricts the sale of turf phosphorus fertilizer that was in effect on August 1, 2002.

Sec. 3. Minnesota Statutes 2000, section 18C.211, subdivision 2, is amended to read:

Subd. 2. [GUARANTEES OF THE NUTRIENTS.] (a) A person may guarantee plant nutrients other than nitrogen, phosphorus, and potassium only if allowed or required by commissioner's rule.

(b) The guarantees for the plant nutrients must be expressed in the elemental form.

(c) The sources of other elements, oxides, salt, and chelates, may be required to be stated on the application for registration and may be included as a parenthetical statement on the label. Other beneficial substances or compounds, determinable by laboratory methods, also may be guaranteed by permission of the commissioner and with the advice of the director of the agricultural experiment station.

(d) If plant nutrients or other substances or compounds are guaranteed, the plant nutrients are subject to inspection and analyses in accord with the methods and rules prescribed by the commissioner.

(e) The commissioner may, by rule, require the potential basicity or acidity expressed in terms of calcium carbonate equivalent in multiples of 100 pounds per ton.

(f) The plant nutrients in a specialty fertilizer must not be below or exceed the guaranteed analysis by more than the investigational allowances established by rule.

Sec. 4. [18C.60] [PHOSPHORUS TURF FERTILIZER USE RESTRICTIONS.]

Subdivision 1. [DEFINITIONS.] (a) The definitions in this subdivision apply to this section.

(b) "Metropolitan county" means any one of the following counties: Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, or Washington.

(c) "Turf" means noncrop land planted in closely mowed, managed grasses including, but not limited to, residential and commercial residential property, private golf courses, and property owned by federal, state, or local units of government, including parks, recreation areas, and public golf courses. Turf does not mean pasture, hayland, hay, turf grown on turf farms, or any other form of agricultural production.

Subd. 2. [PHOSPHORUS USE RESTRICTIONS.] (a) A person may not apply a fertilizer containing the plant nutrient phosphorus to turf in a metropolitan county, except under conditions listed in paragraph (d).

(b) A person may not apply granular fertilizer containing greater than three percent phosphate (P₂O₅) by weight, or liquid fertilizer at a rate greater than 0.3 pounds phosphate (P₂O₅) per 1,000 square feet, to turf in counties other than a metropolitan county, except under conditions listed in paragraph (d).

(c) A local unit of government in a county other than a metropolitan county may adopt paragraph (a) in place of paragraph (b). The local unit of government must notify the commissioner of the adoption of paragraph (a) within 30 days of its adoption. The commissioner shall maintain a list of local units of government in counties other than metropolitan counties that have adopted paragraph (a).

(d) Paragraphs (a) and (b) do not apply when:

(1) a tissue, soil, or other test by a laboratory or method approved by the commissioner and performed within the last three years indicates that the levels of available phosphorous in the soil are insufficient to support healthy turf growth;

(2) the property owner or an agent of the property owner is first establishing turf via seed or sod procedures, and only during the first growing season; or

(3) the fertilizer containing the plant food phosphorus is used on a golf course under the direction of a person licensed, certified, or approved by an organization with an ongoing training program approved by the commissioner.

(e) Applications of phosphorus fertilizer authorized under paragraph (d), clause (1) or (2), must not exceed rates currently recommended by the University of Minnesota and approved by the commissioner.

Subd. 3. [CONSUMER INFORMATION.] The commissioner, in consultation with the University of Minnesota extension service, fertilizer industry representatives, lakes groups, and other interested or affected parties, must produce consumer information in a format and of a content suitable for posting and distribution at retail points of sale of fertilizer that contains phosphorus and is for use on turf.

Subd. 4. [RESEARCH EVALUATION; REPORT.] The commissioner, in cooperation with the University of Minnesota and the University of Minnesota extension service, and, after consultation with representatives of the fertilizer industry, lakes groups, and other interested or affected parties, shall evaluate research needs and encourage targeted research opportunities to investigate the effects of phosphorus fertilization of turf on urban stormwater quality. The commissioner must evaluate the effectiveness of the restrictions on phosphorus fertilizers under this section and report to the legislature by January 1, 2007.

Subd. 5. [ENFORCEMENT.] This section is enforced by the commissioner under chapter 18D or by local units of government under their existing authority. Violation of this section is a petty misdemeanor.

Sec. 5. [18C.61] [FERTILIZER APPLICATION TO AN IMPERVIOUS SURFACE; PROHIBITION.]

(a) A person may not apply a fertilizer to an impervious surface. Fertilizer released on an impervious surface must be immediately contained and either legally applied to turf or any other legal site, or returned to the original or other appropriate container.

(b) For the purposes of this section, "impervious surface" means a highway, street, sidewalk, parking lot, driveway, or other material that prevents infiltration of water into the soil.
